Profile

Passionate Web & Application Developer skilled in building responsive websites and scalable applications. Strong in modern technologies, API integration, and clean UI/UX design with a focus on performance and user experience.

Academic Projects

SMART POS MANAGEMENT SYSTEM

Silver Oak University

2025 – Present

- Developed a Smart POS Management System using React TypeScript, Node.js, Express.js, MongoDB, and Tailwind CSS.
- Integrated Stripe, QR payments, cash transactions, and Email APIs for seamless billing and notifications.
- Built a real-time analytics dashboard for sales tracking and business insights.
- Designed a responsive admin panel to streamline billing and management operations.

EMPLOYEE MANAGEMENT SYSTEM

Hands-On Project

2020 – 2023

- Developed an Employee Management System for attendance tracking and salary management using Django and MySQL.
- Built a responsive web interface using HTML, CSS, and JavaScript for efficient employee and admin operations.
- Implemented employee data, attendance, and salary management features to streamline workforce operations.

Experience

DEMAZE TECHNOLOGIES

Frontend Developer (Internship)

Jan 2025 – Apr 2026
